# INNOVATING THE DELIVERY OF INFORMATION TECHNOLOGY

IT Solutions for enterprise and SMB verticals

## Teach Your Staff How to Spot Malicious Emails With This Free Phishing Quiz.

With cyber attacks on the rise and temporary remote work accommodations creating new vulnerabilities, information security awareness training is perhaps more important now than ever.

As a means of proactively protecting your organization, we suggest having your users take the following phishing quiz to help increase awareness.

<https://phishingquiz.withgoogle.com/>

The quiz is free, features eight questions, and takes roughly five minutes or less to complete.

### Customized Information Security Training Sessions Available

For more in-depth training, live custom sessions are available upon request. For more information, see "Information Security Awareness Training" attached to this email.
